By C. B. McDowell

CHIEF PARKER IN HOSPITAL
Chief of Police J. W. Parker suffered a slight heart attack Tuesday morning and was rushed to a Troy hospital. A telephone message from the hospital Wednesday morning stated that Chief Parker's condition seemed to be slightly improved.

LUVERNE HAS FIRE
A fire which is said to have started in Cotton's Cafe by a gas explosion about 12:30 P. M. Tuesday resulted in an estimated \$500,000 damage to a business block in Luverne.
The three-story building which housed the city's only hotel, the bank, a super market, cafe, barber shop and ready-to-wear store was practically destroyed. It was the costliest fire in Luverne history. Up to Wednesday morning the whereabouts of a waitress, Miss Sara Frances Parrish, had not been determined. She was in a room above the cafe when the fire started and has not been seen since.
The Piggy Wiggy Super Market that burned belonged to W. T. Benson of Geneva who also operates the Piggy Wiggy in Elba.

The Elba fire department responded to a call for assistance and was one of eight neighboring cities to send fire trucks to Luverne. A strong south breeze fanned the flames and made fire-fighting difficult. A shortage of water kept the Elba fire men from hooking their lines in to the hydrants.
The fire was under control in about three hours after it was discovered.

INSTALLS WALKIE-TALKIE
Harold English has installed a two-way radio communications system between his home about a mile and one-half southeast of Elba, and the home of his parents, Judge & Mrs. J. O. English. Harold stated he had been unable to secure a telephone so he had had the radio communications installed on trial in order to communicate between the two homes.
Mr. English said the Port-A-Phone is an enlarged two-way wrist radio like used in Dick Tracy. The range is limited. He stated Tuesday morning that the set had not been thoroughly tested at that time.

NEW DAUGHTER
Mr. & Mrs. George Lamar Collier announce the birth of a daughter at Kinney Clinic on Monday morning. Mr. & Mrs. George Collier are the parental grandparents and Mrs. John Brock of New Brockton is the maternal grandmother.

RETURNS FROM HOSPITAL
Lamar Vaughan returned from Veterans Hospital, Montgomery, Monday, where he had been under treatment for a throat ailment for several weeks.
He is reported to be much improved in health, his main loss being about 30 pounds of weight. This should not prove to be too serious.

MRS. O. C. SMITH HOME
Mrs. O. C. Smith returned to her home from Opp Hospital on Monday. She had been under treatment for an intestinal ailment. Mr. Smith and her daughters, Miss Barbara Smith and Mrs. Wilson, were at her bedside a good deal of the time. She is reported improved.

LOSES LONG HANDLES
It has been reported that L. P. Mullin is lamenting the loss of some kind of long handles. I am not sure whether they were garden tools, parts of a pump or wearing apparel, but they are said to have been quite a severe loss, happening as it did in this extremely cold weather.
The missing articles are said to have disappeared from Mr. Mullin's automobile.

MONEY HAIL STORM
At the intermission of the Elba-Enterprise colored basketball game Saturday night, Billy Ogg placed a bucket in the center of the floor and requested everyone who wanted to contribute to the March of Dimes to toss their spare change on the floor.
The response was unprecedented. The greatest hailstorm of coins ever seen here-burst literally covered the court and a small army of men and boys were kept busy for several minutes gathering up the money for the polo drive.

OLD MAN'S BEAUTY CONTEST
Pine Level school will hold an old man's beauty contest Feb. 4 at night with proceeds going to the March of Dimes. Pictures of the Elba-Dothan football contest will be shown on the screen.

A. T. Sharpless, 84, Dies at Daughter's Home on Thursday

A. T. Sharpless, 84, died on Thursday, Jan. 27, at the home of his daughter, Mrs. John Taylor, in Elba. He had resided in Elba for more than half a century and was highly esteemed by a large number of friends.
Survivors include two sons, Lucius and Marvin Sharpless; a daughter, Mrs. John Taylor; one brother, John A. Sharpless. Funeral services were held on Friday morning at the Beaver Dam Baptist Church with Ministers Malone Meredith and Jim Morrow officiating.
Burial was in Beaver Dam cemetery with Hayes Funeral Home directing.
Pallbearers were Hayward Taylor, Randal Sharpless, John W. Sharpless, W. T. Bryan, Burlan Brown and Leroy Hudson.

POLICE RADIO COMES IN HANDY

The police two-way radio was used this week to quickly apprehend two suspects fleeing from an Enterprise film-flam charge. About 6 o'clock Monday evening Elba police were radioed to be on the lookout for two young men who had worked a film-flam deal on two service station operators in Enterprise.
A short time later Officers Frazier Allday and Alex Strickland and Game Warden Richardson arrested two men fitting the description radioed from Enterprise. Within a few minutes Enterprise police had picked up the pair and returned them to that city.

Old Willie Spurlin Home Destroyed

The old Willie Spurlin home located about three miles south-west of Elba on the Larkins-Kinston road was destroyed by fire 3 o'clock Saturday evening. It was owned by Willie Spurlin who lived there for many years but who now operates a store in Mulberry Heights and lives close by.
The burned house was occupied by Pete Belcher and family, all of whom were away from home at that time. It was believed the fire started in the fire place. The Belchers are reported to have lost all their belongings. There are nine children in the family, ranging from 3 months old to 14 years. Pete is employed at the Dyer-Trallier plant.
The Elba fire department made a run to the fire and kept from spreading to adjacent buildings and the woods.

Quarterly Meeting

The Sunday Schools of Coffee County Baptist Association will hold their Quarterly meeting at the First Baptist Church here Monday evening, Feb. 7, at 7:30 o'clock. Horace Smith of Enterprise, associational superintendent, will be in charge.
A net increase of 24 per cent in Sunday School enrollment was shown in 1954. Average gain for the state was 11 per cent.

SUB CARRIER EXAM

Opportunity to apply for the examination for substitute clerk and carrier in Elba will close on Feb. 4. R. Bert Cooper, postmaster, said Mr. Cooper said as far as he knows there hasn't been an application filed yet to take this particular civil service exam.

Enterprise and Eufaula Fall Before Local Cage Quintet

In whipping the stubborn Enterprise Wildcats Tuesday night on the Elba court, 42-32, the Elba Tigers overcame the No. 13 team as it was their thirteenth win of the season against one loss. Elba has lost to Greenville by one point and defeated the same quintet by six points in the Luvorne Invitational Tourney.
In the game Monday night, the Tigers started off in winning style and led 21-12 at the first quarter. In the second period Enterprise came to life and outscored and outplayed Elba to whittle the lead to 23-31 at half time.
A keyed up bunch of Wildcats continued to make plenty of trouble during the third quarter which ended 46-41 for Elba. The visitors kept up their tenacious fighting throughout the fourth period and the Tigers had to work right down to the closing minute of the game to win it.
Elba scorers were Donald Bowdoin 19, Dyess 14, Reeves 13, and Powell 10. Elba made 6.
High scorers for Enterprise were Barnes 14, Gillis 11 and Heath 8.
One of the best B teams seen here this season trounced the Elba Bees, 43-22. Thompson led Enterprise with 20 points and Wilson 16. Elba's ace, Charles Clark, was sidelined on account of illness.
Bees scorers were Weeks 7, Nelson 6, Marler 6, Jacobs 5, Grimes 2, Boswell 2.
The Junior Tigers won a hard-fought game from the Wildcats by a comfortable margin. Elba scorers Taylor 9, Dyess 4, Brooks 6, Walter 4, Dyess 2, Kelley 3. Rollins was high for Enterprise with 10.
The Elba Varsity will go to New Brockton Friday night to battle the Bulldogs who are always hard to handle at their home court. They have a good season record. Next comes Eufaula Tuesday night at Eufaula. This game will be watched by all observers throughout the Second District as two of the best teams in the area are involved.
BEAT EUFULA
The rampaging Elba Tigers kept on rampaging Friday night when they defeated the highly touted Eufaula basketball five on the local court. Elba started off in good form and soon took the lead and was never headed. At the end of the first quarter Elba led 17-11, and at the half, 42-26.
Coach Gauthier came near making a serious mistake when he substituted heavily after the first period. They did all right in the third quarter, closing that period, 60-48. Eufaula got busy in the final stanza and forced the Elba mentors to rush his first string back into action to stop the threat.
However, a big scare was apparent that the Elba lead was diminishing rapidly and victory could have been turned into defeat. The regulars were cold and Eufaula was really clicking so each, followed by Jimmy Reeves, 12; Dyess, 8; Boutwell, 6; Brown 4; McCall 4; Eland 4. Wise Gilmore was high for Eufaula with 25 points and Hart was second with 19. Gilmore netted 17 points in the second half.
It was only the second time this season that Eufaula has been defeated while Elba has 12 won, 1 lost record.
The Elba Bees had little trouble in trouncing the Eufaula second string, 57-38. Charles Clark led the winners with 18 points. Other Elba scorers were Weeks 2, Jacobs 8, Grimes 6, Nelson 8, Marler 3, Hudson 2, Boswell 2.
The Elba Juniors proved too much for a hard-fighting but over-matched Fairview quintet in a game which started 45-20. Elba won 47-27. Scoring for Elba were Taylor 13, Brooks 10, Dyess 7, Kelley 5, Morris 4, Walter 4. Case 2, Spurlin 2.

March of Dimes Bargain Day Brings Crowd to Court Square

In support of the polo drive, Elba merchants and the Elba Club conducted a March of Dimes Bargain Day and Auction and afternoon-long radio jam-boree on the square Saturday.
Fred Watson and Lamar Rainor Jr. were in charge of the radio program which featured the high school band under the direction of Jimmy Paterson, and a variety of local and county-wide talent.
The radio program began with Mayor L. P. Mullins officially proclaiming Saturday, Jan. 29 as March of Dimes Bargain Day in Elba. Appearing on the radio program for the Dimes drive were Rev. E. T. Edgar, Rev. M. L. Sney, Mrs. Edna Brumman and E. W. Atkins county drive chairman.
The March of Dimes auction held on the side of the square opposite from the jamboree was conducted by Billy Ochs with the assistance of Wiley Stanford, John Lowery, and Neal Hutto. Mrs. Luna Dele Ring was in charge of contributions assisted by Mesdames Robert Pelham, E. W. Atkins, Marie Dorsey, First-week Fairlane, W. R. Cook, Jessie Ballard, Henry Clark and Frances Crawford. Miss Doris Tillman, Marjorie Ham, and Gertrude Travels and Edward Kelley.
A boys and girls basketball game between Enterprise and Elba (colored) schools capped the days March of Dimes activities. Local stores assisting with the Bargain Day activities were the Federated Store, Paul's Cafe, Sawyer Candy Co., Ventrone's Art, Parts, Gift Service, Elba Oil, Shelly's Oyster Bar, Lindsey, Thompson Fur Co., Beauty Nook, Weeks, Elba Drug, Elba Pharmacy, Bonanza-Jeter Hardware, McCollough Grocery, Western Auto, Day's Groceries, Hawkins Grocery, Hay-Wise Changers, City Shoe Shop, Dorsey's Chev., Lindsey's Grub, Elba High School, Vaughan Hardware, Easy Pay, Southern Benefit, W. J. English & Son, Rhinorea, Harty's Jambe, Ochs, Farmer's Hardware, Whitman Drug, Sawways, Standard Service, Fuller Radio, Sanitary Barber Shop, Ideal Dress Shop, Modern Beauty Shop, Smitty's TV, Pure Oil Service Station, Elba Grocery, Elba Clipper, Devane's, Vaughan & Co., L. Shoppe.

POOR ORIGINAL

An Industrial Development Report

"When are you going to bring us a prospect will make his decision."

That is a question asked frequently of representatives of our Industrial Development Department. It is a question they answer for two reasons:

1. They have no way of knowing when a prospect will make his decision.
2. Alabama Power Company doesn't bring industries any place. We do try to learn of industries which might be seeking locations for expanded or new manufacturing or distribution operations. We do this through personal calls, advertising, correspondence. Our Industrial Development Department makes a study of the needs of such concerns. It then places before the interested parties the facts about locations in our service area which might meet those needs. Usually in doing so it also is working with railroad and other utility representatives, chambers of commerce and other civic groups, public officials and local property owners.

The decision of where and when to locate is entirely within the discretion of

the prospective industry. Our chief concern is to present to prospects facts about those areas which most nearly will meet their needs. We have no preference for one community over another which can meet the specifications.

During 1954 members of our Industrial Development Department conducted 66 parties of visitors to one or more areas of the state. More than 15 different types of industry (310 different concerns) were contacted—247 of them personally. Sixty-two special studies were prepared. From these contacts 31 currently active prospects resulted and 53 which are expected to become active.

This intensive cultivation work is continuing during 1955. We hope to see a number of these prospects locate in Alabama. We will present the facts; the decision on where to locate will be theirs.

It is always gratifying when a community in our service area is selected to be the location for a new industry; particularly pleasing is that spirit of welcome which often plays so large a part in a decision on where to locate.

Alabama Power Company

Helping Develop Alabama

LETTER TO EDITOR

EDITOR, Elba Clipper:
You do not know me but I was born and reared in Coffee County near Elba. And as I am very interested in my home town, I got quite a thrill out of a story I just read in your local paper, "The Elba Truth" published in Elkhart, Ind. Elba was mentioned in the story so I just got the urge to write to The Clipper as I thought this was the best way to get in touch with some of my friends or school mates. I haven't heard too much from many of them since I left Elba 10 years ago.

I would like very much to hear from anyone who might care to correspond, especially if there are any of the late E. W. Ellis family around or anyone who might have taught school with him in 1943 and 1944. I taught at Fairview with him at that time.

I have lived in Indiana ten years, am married and have four children, two boys and two girls. I don't get back to Elba very often as my parents, Mr. & Mrs. George Leddon have since moved to Columbus, Ga. But there will always be a warm memory in my heart for Elba and the people I knew there.

Editorials

Samson, Enterprise Newspaper Managements Change

A good deal of change in the management of two of the areas weekly newspapers came to light the past week. The Enterprise in the Enterprise Ledger went outside the county and a change in ownership was announced in the Geneva County News printed in Samson.

Of most interest to Coffee County readers is the purchasing by interests outside the county of half the stock in the Enterprise Ledger, Inc. Clark Edwards, sole owner of The Ledger for the past 10 years, incorporated the business Jan. 1 and sold half interest to Carmage Walls of Guntersville. Under the change, a management tract was signed with Southern Newspapers Inc. and Martin Meadows, a veteran of 14 years newspaper work in the South, came to The Ledger as president and publisher. He will assume complete charge of the operation of the business.

Presumably this move will give The Ledger capital with which to expand operations. Mr. Edwards has announced already the purchase of the Grimsley & McIntosh plant next to the present Ledger building. Additional equipment will be installed, a photo studio added and a modern front put on the building. Mr. & Mrs. Edwards plan to expand the office supply end of their business which was not included in the corporation plans.

As far as the publishing end of the newspaper goes, when the move to new quarters is made, plant and personnel would be capable of putting out a paper twice a week. Whether or not this is planned, has not been announced.

According to records on file in the Enterprise probate office, Carmage Walls of Guntersville and Mr. Edwards are the major stockholders of the new corporation. Robert H. Fackelman of Cleveland, Tenn. is

Fight Over Governor's Road Program Is On

Last Tuesday the special session of the state legislature convened to approve or reject Gov. Folsom's request for \$100 million to spend on roads during his term. With his friends in control of key committees and a majority of the legislature in his camp, the Governor will in all likelihood get his program approved substantially as he requests.

Even those fighting his proposed 2c per gallon tax increase are not doing it with the idea of sabotaging his entire program. They are suggesting a 1c raise or a 2c one if the municipal levies are cancelled out. Some have suggested a 1c raise and abolishment of the SI car tag. A graduated license fee, depending on the size of the car, was suggested.

Alabama voters overwhelmingly ap-

Reclamation Bureau Money Could Be Better Spent

In the West, from whence this writer came, Republicans and Democrats stumble over each other in the rush to promise constituents more and bigger irrigation projects at a higher and higher cost to the taxpayer. Many a Congressman and Senator from those regions has gone to Washington because he backed the most grandiose schemes of the Bureau of Reclamation. Lots of these plans to irrigate arid western lands have gone through. At an average construction cost of \$700 per acre, billions of the taxpayers' dollars (this includes Southern taxpayers, too) have gone to reclaim land that would be less than 1 per cent of the 345 million acres of crop land in this country.

This is a poor investment for the country and it is time Southern Congressmen and Senators raised their voices in protest. In the 12 Southern states there are over 13 million acres of land which could be made available for crops by draining and clearing

Time to Get an Engineer for Municipal Airport Work

The City recently received a check from the Alabama Department of Aeronautics for that bureau's half of the cost of the land for Elba's Municipal Airport. In a letter to the Chamber of Commerce, Director Asa Rountree said the next step was for the city to get an engineer to plan the work that has to be done.

The City should be looking after this detail now so that work can be laid out and waiting for the time the commissioners will have some road building equipment idle. There are many possible places the City can secure engineering help. An outside chance exists that this help can be obtained at a

Post Office Stop Light a Bother

Stop Light at Post Office Is Aggravating. Our vote for the tops in nuisance value for that pesky stop signal installed at the post office corner.

We'll probably have to go along with the idea that it should be operating during school hours, although we never heard of a child being run down at that corner. But a public appeal is made right now to the city council, police chief, state patrol or Gov. Folsom if necessary to switch that consarned light off as soon as classes have been

dismissed at the school each afternoon. The light can accomplish no good early in the morning or late in the evening. All it does is irritate motorists intent on getting home or to work. Visibility on all four corners is good and an excessive number of accidents never were reported for that particular locale. There is nothing more aggravating than to drive up to that corner, see that the streets are clear in every direction, and have to sit there to wait for the light to change.

Through the Keyhole

BY MRS. ROBERT CANNON

IN THE SPRING A YOUNG Mary Ann is the only daughter of Bob and Stanley Clark. She is quite thrilled now over her invitation into the ranks of her sorority, Chi Omega, and she is as pleased as pleased that she upheld our recommendation by making such fine grades.

THE INAUGURATION caused a great stir in local circles. A flurry of preparation and thought went into the making of the day the success that it was. Surely Flannery Whitman deserves congratulations on the part of the community. The inauguration was a most brilliant affair and a great deal of glittering foil. The beauty was due to the use of several brilliant colors and a great deal of glittering foil. The inauguration was a most brilliant affair and a great deal of glittering foil. The beauty was due to the use of several brilliant colors and a great deal of glittering foil.

From all reports the weekend seems to have been a lively one. There was no lack of telephone calls, friends or interesting events and the young visitors said they wanted to come back soon. As we made this picture, I thought how very cute the girls were wearing the popular long socks and Mary Ann's were cable knitted. The picture was published in the Birmingham News. The girls were looking lovely in the picture. The girls were looking lovely in the picture. The girls were looking lovely in the picture.

how Advertising helps you

BY CHARLES B. ROTH

Affects the Unborn

It is the obligation to new Americans, whether this land is either very slightly acquainted with what Americans know and enjoy well, or not acquainted at all, in the case of the new born.

Every 9 seconds a pause and a new immigrant reaches our shores.

Of course there are deaths, and there are emigrants leaving America for elsewhere, and they show up the growth, but not much.

The death rate—thanks partially, perhaps, to the influence of advertising—is lower than at any other time in history. And half the birth rate, as a matter of fact, with a death every 21 seconds, against a birth every nine.

The rate of emigration is over three times as slow as the rate of immigration.

You can compute easily what our net gain is in population—it is one person every thirteen seconds, by birth or immigration. And this means 200 new Americans an hour. Figure out what it amounts to in the course of a year, and you will see that advertising has an entirely new obligation.

It is the obligation to new Americans, whether this land is either very slightly acquainted with what Americans know and enjoy well, or not acquainted at all, in the case of the new born.

The obligation which advertising has to such new Americans is to see to it that they are entering a new world that has been over-extended before.

That is an obligation which advertising can fulfill with ease.

Each year sees more and better advertising, hence more and better conveniences for living. And there is no reason to doubt but this will be the existing order into the future years.

By providing these new Americans with the news of the provisions which have been made to insure them a comfortable and secure life, the newspaper, you can see, is a force of importance.

As they come to maturity or to greater knowledge of American ways, these new Americans are to learn to rely on it as did those who preceded them in becoming American citizens, hence lucky human beings.

There's a comfortable economical

MORE FOR YOUR MONEY

Ann Sawyer and Thomas Prescott who celebrated their sixteenth and eighteenth birthdays embossed with a cluster of pink roses were cut and served by the L. & E. in Enterprise. A soft glow was cast over the room by the tall candles flickering on the table and a lovely arrangement of pink carnations and snapdragons crowned the buffet table. Lela Ann was wearing a coral velvet blouse with coral neckerchief and heavily embroidered skirt, carrying out the fair theme. Everyone enjoyed conversation and dancing and time forced us to leave for home.

Expect to be excited...

WHEN YOU TRY FORD'S NEW TRIGGER-TORQUE POWER... Forget everything you've heard about other 1955 cars when you take the new Ford out for a spin. For Ford brings you exciting new getaway and passing power... Trigger-Torque Power which can respond to your commands in 7 100 of a second! And you get it in any of Ford's 3 new engines: the 182-h.p. V-8, 162-h.p. Y-block Speed V-8 or 120-h.p. I-block Six.

THRILL TO NEW STYLING INSPIRED BY THE THUNDERBIRD... Ford alone brings you the long, low graceful styling of the years-ahead Thunderbird. And Ford is as practical as it is lovely, with an up-to-20" larger, full wrap-around windshield; with lower, easier-to-see tail lights; with a new super-enamel body finish; not to mention an all-new chassis and new Angle-Pointed Ball-Joint! Front Suspension too—another going.

SEE FORD'S LUXURY LOUNGE INTERIORS... Inside a 1955 Ford, there is just as much excitement as there is outside! A completely new control panel is at your command. Fabrics never before offered in a car are yours for the choosing. The two-tone colors are carefully selected to harmonize with the exterior finish. And with 16 new models, Ford brings you the widest choice of body-color and upholstery combinations in Ford history! Come in. See why Ford is worth more when you buy it... worth more when you sell it, too.

MR FARMER: Which Would You Buy

A Cat in A Bag or Quality Fertilizer?

Of course you would buy CAPITAL LOW MOISTURE—HIGH
VALUE Fertilizers. LOW MOISTURE is Essential for getting more plant
food for your money.

For truck crops and orchards use CAPITAL HORTI-FERTZ, the
only real trace element fertilizer on the market. It is the WONDER FER-
TILIZER.

For general crops we strongly recommend CAPITAL LOW MOIS-
TURE-HIGH VALUE 8-8-8 and 4-12-12 as well as our old standbys 6-8-4
and 4-10-7.

Remember—no SAND is used in CAPITAL FERTILIZERS.

Elba Hornets Defeat Enterprise Quintet

A large number of basketball
fans enjoyed first class enter-
tainment at the gym Saturday
night when the boys and girls
teams of the Elba and Enter-
prise colored schools played un-
der March of Dimes auspices.

Both Elba quintets upheld their
undefeated records. The girls
won 48-15.

The Elba Hornets showed real
class. Helen Flowers with 23
points leading the way, followed
by Annie Lois Askew with 14.
Christine Cole contributed 8
markers. Annie Pearl Askew 2
and Betty Knox 1. Betty Cole
was a substitute.

Led by Capt. Charles Cole and
Co-Capt. Fred Lee, each scoring
16 points, the Elba colored boys
completely outclassed the Col-
fee County Training School five
from Enterprise. Although one-

sided the game furnished good
entertainment. The visitors ex-
hibited some good floor work
but were unable to ring the bas-
kets. Their defensive play was
also lacking. Elba won, 61-28.

Besides the two named, Elba
scorers were Robert Jackson 14,
Willie Pluto Phillips 8, Charlie
Bell 7.

CARD OF THANKS

We take this method of ex-
pressing our sincere thanks and
appreciation to our many friends
for the deeds of kindness shown
us during the sickness and death
of our dear husband and father,
Mr. A. P. Sharpless.

May God's richest blessings be
yours in our prayer.

Mrs. A. P. Sharpless and chil-
ren, Marvin, Lucious and Ceal-
ear.

Kinston News

Mrs. Ella Price of Panama City, Fla. has been the guest of her daughter and son-in-law, Mr. & Mrs. W. A. Weeks the past two weeks.

Guests of Mr. & Mrs. J. W. Grimes Sunday were Mr. & Mrs. George Cunningham and family of Camp Rucker and his mother, Mrs. Sally Cunningham of Orlando, Fla. who is visiting them, also Mr. & Mrs. Daniel Phillips and son Gary of Dothan.

Mr. & Mrs. John Foster were business visitors in Dothan on Thursday.

J. D. Thomason is spending several days in Mobile this week with Mr. & Mrs. Lattie Thomason.

Mrs. Grady Stuckey and Mr. & Mrs. Lester Branch Jr. (Violet Rushing) spent last weekend with relatives here.

Ed. J. L. Kimbro and daughter Libby, visited friends in Mobile Sunday. Spending Sunday with them were their great-grandson and nephew, Gary Woodham of Florida. His parents, Mr. & Mrs. Larry Woodham moved to Montgomery Monday where Larry will continue his duties as an airman at Gunter Field. Larry returned to the U. S. from Japan Jan. 1. He had been overseas 18 months.

REMOVING

Mr. & Mrs. H. H. Swain, formerly of Elba, are returning to make their home here after living in Clapley, Fla. They are the parents of Mrs. Hilda Lunsford on the Enterprise highway. Mr. Swain was employed as a watchman at Dorsey Trailers for a long time. The Clippings from their many friends in welcoming them back home.

RETURNING TO ELBA

Mr. & Mrs. H. H. Swain, formerly of Elba, are returning to make their home here after living in Clapley, Fla. They are the parents of Mrs. Hilda Lunsford on the Enterprise highway. Mr. Swain was employed as a watchman at Dorsey Trailers for a long time. The Clippings from their many friends in welcoming them back home.

HEAVY RAINS AT LAST

Heavy rains which carried an estimated four inches of precipitation dropped this area more thoroughly than at any time for over a year during the past week. Most of it fell steadily in a way where it could soak in instead of run off. However, once it came in "chicken-strangling" fashion, raising streams, filling ponds and flooding the streets. The river showed a six-foot rise Monday. It had receded about 15 inches Monday afternoon but a second rise Monday night pushed the gauge up 10 inches.

W. B. Morgan, one of the operators at the Pea River power plant, reported water pouring over the dam to a greater extent than for over a year. He said prospects are good for water to keep the plant in steady operation for some time.

RAIN IN ALA. SLEET IN FLA.

Mr. & Mrs. C. B. McDowell, Roy E. McDowell and Mrs. Mary Newton, visited Mrs. Howard McClellan and family in Monticello, Fla. over the weekend.

About 11 o'clock Saturday night over a quarter of an inch of sleet made things icy, although it was not very cold and little rain fell. There was still evidence of sleet after daylight Sunday morning.

The wind was high all Sunday morning but not much rain. At 12:30 when the group started home they ran into a steady rain in Georgia. About 4 miles west of Ashford it rained so hard the driver had to pull the car to the side of the road as visibility was zero.

BUCK HOLDS UP TRAFFIC

Frank Sexton reported Wednesday that he and Wayne Parish, enroute to Panama or the highway between Opp and Florida, Monday, Jan. 31, were obliged to stop their car to avoid running over a large buck deer. It was about daylight and the deer was standing in the road, staring at them in a peculiar way.

Sexton said when they pulled up closer, the deer made a dash for the nearby swamp and disappeared. He said that he could easily have shot the buck if he had been armed. Sexton said he had never heard of deer inhabiting that part of Alabama before.

TOO MUCH STATIC

Harold Englin informs us that the two-way radio communication set which he installed between his home and his parent, Judge & Mrs. J. O. Englin, has not worked out satisfactorily.

That's why we invite you to VISIT US REGULARLY AND ENJOY THE BEST IN MOVIE ENTERTAINMENT IN THE COMFORT OF YOUR OWN CAR!

... and for those who want to ENJOY THE SHOW EVEN MORE! Plan to drive out early and visit our MODERN SNACK BAR located in the center of the parking area! ... You'll find a variety of DELICIOUS FOOD served with HOT & COLD BEVERAGES! We think you will like our HOT DOGS with Chili Sauce ... HAMBURGERS ... PIT COOKED BARBECUE ... CRISP FRENCH FRIES ... and our Golden Brown CHICKEN-IN-THE-BASKET prepared to take out to your car!

Surviving ... is his widow, daughter, Mrs. Sara Bradshaw of Elba; three brothers, D. C. Fuller, New Brockton; D. P. Fuller, Houston, Texas and Searcy Fuller of Saxon; two sisters, Miss Arrie D. Fuller of Elba and Mrs. Lokie D. Pooler, New Brockton.

Funeral services were held at the Elba First Baptist Church Sunday afternoon, Feb. 6 with Rev. M. L. Sess and Rev. Messick and Rev. Kendrick of New Brockton officiating. Burial was in New Brockton cemetery.

Curtis is seeded fourth and has a reputation as a giant-killer. They knocked favored Do-

About People and Things

RETURNING FROM HOSPITAL

Charles Kelley has returned from Veterans Hospital, Montgomery, where he was under treatment for several weeks for injuries sustained in an automobile accident. His car overturned about six miles south of Opp.

Mr. Kelley had recovered sufficiently from a head injury to have returned home sooner, but when he was about to be released from the hospital, it was discovered he had a small bone fracture in his left arm which delayed his release another week.

Mr. & Mrs. H. H. Swain, formerly of Elba, are returning to make their home here after living in Clapley, Fla. They are the parents of Mrs. Hilda Lunsford on the Enterprise highway. Mr. Swain was employed as a watchman at Dorsey Trailers for a long time. The Clippings from their many friends in welcoming them back home.
